

Sonesse® 28 WireFree Zigbee

The Sonesse® 28 WireFree Zigbee is a connected wirefree motor, extremely compact and designed for silence. It can be powered using an external plug-in, rechargeable lithium-ion battery pack or plug-in power supply.

Compatible end-products

Roller shades

Roman shades

Woven woods

Pleated shades*

Cellular shades*

Layered/
Zebra shades

Sheer horizontals

*Using CTS40

Main functionalities

1.1 Nm torque for medium sized shades

Designed for silence

Position feedback

Openness of the Zigbee protocol

External battery motor

LED provides feedback on motor

Battery level feedback

Soft start and Soft stop

Adjustable speed

"my" function

Solar charging options

Quick & easy settings

Built-in speed control

Benefits for professionals

Convenience

- A compact solution adapts to narrow window openings

Easy programming and adjustment with Set & Go® Connect

- Installation and programming done directly from the app: intuitive step-by-step programming instructions
- Integrated button on the motor head allows for leaving the network and full reset

Reliability and services

- Safe protocol
- Somfy quality & warranty

Open protocol

- Native compatibility with Zigbee® controllers (including Samsung Smartthings)

Benefits for end users

Daily comfort

- Quiet operation
- Precision motion with soft start & soft stop
- Manage natural light and privacy via timed schedules and scenes

Easy to use and maintain

- Easily control shades with TaHoma®
- Get real time feedback on shade positioning and battery-level status via a smartphone or tablet
- Minimize maintenance with solar charging option

Go hands free with voice control

- Compatible with voice control assistant (with TaHoma and Alexa or Google Home)

Safety and reliability

- No hanging cords, provides a child-safe and pet-friendly solution
- Somfy quality and warranty

TaHoma® app

Whether home or away, easily control window coverings and receive real-time feedback on shade positioning and battery level status via a smartphone or tablet.

iOS

TaHoma North American App

Sonesse® 28 WireFree Zigbee

Item #: 1241754

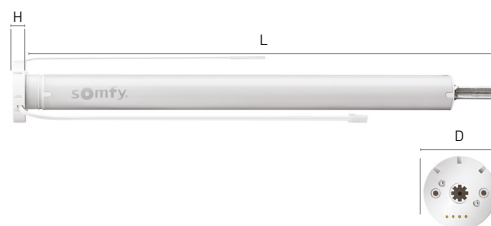

Technical data

Voltage Supply	12V DC
Index Protecting rating	IP 20 (for indoor use only)
Limit Switch type	Electronic
Temperature working range	32°F to 140°F (0°C to 60°C)
Temperature charging range	32°F to 104°F (0°C to 40°C)
Temperature storage range	-4°F to 140°F (-20°C to 60°C)
Insulation class	Class III
Antenna	15 cm wire length, must not be cut or lengthened. For greatest RF range, must be exposed and should not come in contact with metal surfaces. RF wire may need to be repositioned for optimal performance.

Dimensions

Motor length (L)	13.7 in. (347mm)
Head thickness (H)	.36 in. (9mm)
Head diameter Ø (D)	1.73 in. (44mm)

Performances

Nominal torque	1.1 Nm
Nominal Speed	20 rpm
Adjustable speed	10-28 by increment of 2 rpm
Sound Level	< 49dB(A)*
Radio Protocol	Zigbee 3.0 / Bluetooth 4.2
Radio Frequency	2.4 GHz
Battery type	12V 2600 mAh (External)
Battery autonomy	Only recharge once per year**
Recharging time	< 4-5 hours
Low Battery Indicator	LED

*Power level at nominal torque and speed.

**Based on average shade size and one cycle per day.
